

## **Manhattan School District 114 School Closing Information**

In the event of an emergency school closing the following procedure will take place: Manhattan School District 114 will initiate the "SchoolMessenger" notification system to all parents/guardians. This system itself will simultaneously transmit a recorded message informing you of a school closing. Please be mindful that there is a 5-second delay when answering the phone before receiving the recorded message - DO NOT HANG UP.

Parents will also receive an Email notifying them of the school closings. This information can also be located on the District website, District Facebook page, and the Emergency Closing Center Website.

If you are still uncertain and have any questions, please call your child's school and there will be an automated recording, announcing the School Closing.

If you wish to have the number(s) or Email address changed which the system uses, please call the district office and speak with Mrs. Sarah Bancsy.

The safety of our children is very important. We ask that children keep from playing in snow banks along the road. Large piles of snow may be enticing but children may tumble onto the road in front of buses, cars or snow plows.
